THE REVISED PENSION RULES

1. These rules may be called the "Revised Pension Rules".

SECTION I.—PENSION.

2. (i) The amount of superannuation, retiring, compensation and invalid pension and compensation gratuity will be the appropriate amount set out in Schedule A.

(ii) A Government servant may retire from service any time after completing 30 years' qualifying service provided that he shall give in this behalf a notice in writing to the appropriate authority, at least three months before the date on which he wishes to retire. Government may, in special cases, require any Government servant to retire any time after he has completed 25 years' qualifying service or on attaining 50 years' age if such retirement is considered necessary in the public interest provided that the appropriate authority shall give in this behalf a notice in writing to the Government servant at least three months before the date on which he is required to retire.

(iii) A Government servant who retires or is retired, only in the manner indicated in sub-rule (ii), shall be granted a retiring pension not exceeding such proportion of average emoluments and subject to such maximum limit as are specified in Schedule A.

(iv) No special additional pensions will be granted.

SECTION II.—DEATH *cum* RETIREMENT GRATUITY.

3. (i) A Government servant who has completed five years' qualifying service may be granted an additional gratuity not exceeding the amount specified in sub-rule (iii), when he retires from service and is eligible for a gratuity or pension under Section I.

(ii) If a Government servant who has completed five years' qualifying service dies while in service, a gratuity not exceeding the amount specified in sub-rule (iii) may be paid to the person or persons on whom the right to receive the gratuity is conferred under rule 4 or, if there is no such person, to the legal heirs of the Government servant.

(iii) The amount of gratuity will be nine-twentieths of the "emoluments" of a Government servant for each completed year of qualifying service subject to a maximum of 15 times the "emoluments". In the event of death of a Government servant while in service, the gratuity will be subject to a minimum of 12 times the emoluments of the Government servant at the time of his death.

Note.—In cases where the qualifying service is less than the prescribed minimum, the deficiency should not be condoned by invoking the provisions of Article 272. In other cases the power conferred under the said Article should be restricted to ensure that where the benefit is given, it is given only to low-paid employees proceeding on invalid or compensation pension.

(iv) If a Government servant who has become eligible for a pension or gratuity under Section I dies within 5 years from the date of retirement, and the sums actually received by him before death on account of such gratuity or pension together with the gratuity granted under sub-rule (i) are less than an amount equal to 12 times his "emoluments", a gratuity equal to the deficiency may be granted to the person or persons specified in sub-rule (ii).

(v) The emoluments for the purpose of this Section will be subject to a maximum of Rs. 800 per mensem and means the emoluments as defined in Article 322, which the Government servant was receiving immediately before retirement (or death), provided that if the emoluments of a Government servant have been reduced during the last three years of his service, otherwise than as a penalty, average emoluments as defined in Article 322 may, at the discretion of the authority which has the power to sanction the gratuity under this Section, be treated as emoluments.

In case the person concerned does not satisfy the requirements of the said sub-rule the pension shall be granted to the person next lower in the order. SCHEDULE B.

(Vide Rule 10.)

DEATH cum RETIREMENT GRATUITY.

(a) When the gratuity is payable to the Government servant on his retirement an application should be made in the form as in Form F.

On receipt of the certificate of the Accountant-General on the third page of the form, the competent authority who will be the same as the authority competent to sanction the pension of the Government servant concerned, may

formally sanction the gratuity. If the Government servant dies before receiving payment, the amount will be payable to his legal heirs and the payment will be made only to the person who produces the legal authority.

(b) *When the gratuity is payable to the nominee or legal heir of the Government servant who dies while in service.*—If the Government servant has executed a nomination in the prescribed form and the nomination subsists, the Head of the Office/Department should, on receipt of the death report of the Government servant, draw up a statement of his services in the second page of Form 'F'. If there is no nomination, or if the nomination does not subsist, the gratuity is payable only to the legal heirs of the deceased and in such cases the Head of the Office/Department need draw up the statement of services only on receipt of an application for the gratuity from or on behalf of the legal heirs supported by legal authority. The statement of services along with the provisional recommendations of the competent authority as to the amount of gratuity proposed to be paid (and the name and address of the person or persons to whom it is to be paid together with the nomination form, in the case of a non-gazetted Government servant) shall be forwarded to the Accountant-General for verification. After obtaining the certificate of verification (and ascertaining from the Accountant-General the details as to the nominee or nominees if the deceased is a gazetted Government servant) formal sanction to the payment of the gratuity may be accorded by the competent authority. The sanction should indicate the name, address and the relationship to the deceased Government servant of the person or persons to whom the gratuity is to be paid and the amount to be paid to each of them. The Accountant-General will then arrange for the disbursement of the amounts.

(c) *When the gratuity is payable under rule 3 (iv).*—In such a case the service of the Government servant would have been verified, and in other respects the procedure indicated in paragraph (b) above may be followed.

Family Pension.

(d) Two types of cases may arise in connection with family pension, namely, cases where the pension is payable in accordance with the nomination executed by the Government servant/pensioner and cases where it is payable to the person mentioned in sub-rule (v) of rule 5. Where the pension is payable in the order mentioned in the nomination, on receipt of the death-report of the Government servant/pensioner, the Head of the Office/Department should direct the nominee to submit an application in Form 'G'. If there is no such nominee, and an application in Form 'G' is received from a person mentioned in sub-rule (v) of rule 5, the Head of the Office/Department may make such enquiries as may be necessary, to ascertain that the pension is not payable to any other person mentioned in the aforesaid sub-rule. If the applicant is a person mentioned in clause (b) of that sub-rule, the Head of the Office/Department should satisfy himself that the applicant was dependent on the Government servant/pensioner for support after making such enquiries as may be necessary. The Head of the Office/Department should then arrange

for verification of the Government servant's service in the manner indicated in paragraph (b) above and should determine the amount of family pension. After the Accountant-General has applied the necessary checks and certified as to the admissibility of family pension, the competent authority who will be the same as the authority competent to sanction the pension of the deceased Government servant, may accord formal sanction to the payment of the pension. The sanction should indicate the name of the person to whom the pension is payable and also the period up to which it is payable. On receipt of the sanction, the Accountant-General will issue the family pension payment order for the specified period indicating the event, if any, on the happening of which the payment should be stopped. In the matter of identification of the recipient of the family pension, the Treasury Officer will exercise the necessary checks. If the person to whom a family pension has been sanctioned dies or becomes ineligible for the pension before the expiry of the period for which the pension is otherwise admissible, the pension may be re-granted to the next person eligible to receive it for the unexpired portion of that period and the foregoing procedure should be followed in such cases also. If a family pension is payable to a minor and at the time of sanctioning the pension he has a regularly appointed guardian, the pension may be sanctioned as payable through such guardian and in such cases a descriptive roll (in duplicate) of the person who may be authorised to receive payment should accompany the application in Form 'G'.

Anticipatory Payments.

(e) When a Government servant who is entitled to death *cum* retirement gratuity is likely to retire before the amount of the gratuity can be finally assessed and settled in accordance with the procedure mentioned above, the Accountant-General may sanction the disbursement of not more than three-fourths of the amount of gratuity to which, after the most careful summary investigation that he can make without delay, he believes the Government servant to be entitled to on the basis of permanent service alone. Similar payments of gratuity may also be authorised in the appropriate proportion to the nominees or the legal heirs who produce the usual legal authority, in the event of the death of the Government servant. In all cases the anticipatory payment of death *cum* retirement gratuity should be made after the recipient has executed a declaration in Form 'H'.

Circular.

Dated 25th November 1952.

No. Fl. (B) 9778-9808—C.R. 43-52-2. As per Article 41 of the Mysore Civil Account Code, Volume I, the District Judges and District Magistrates are required to send to the Accountant-General's Office consolidated statements of fines realised by the Courts, duly agreed with the treasury figures. The despatch of these statements may be discontinued and the following revised procedure followed in future:—

(a) The duty of realising fines and of checking the receipts and refunds rests with the Government servants of the departments concerned.

Each Court, Civil or Criminal, is required to submit to the District Judge or the District Magistrate, as the case may be, on the last working day of each calendar month, a statement in Form 5 of Fees, Fines, etc., realised in each Court and remitted to the Treasury during the month.

The statement should be made up for the account month of the District Treasury or Taluk Treasury with which the Court deals.

The District Judge and the District Magistrate, should each consolidate these returns into a monthly fines statement for the Courts under him, and forward it to the Treasury Officer, as soon as possible, after the beginning of the following month, for verification of the amounts shown as remitted into the Treasury with the credits appearing in the Treasury account. The Treasury Officer should certify as to the correctness of or otherwise of these amounts. When there is any discrepancy between a consolidated statement, and the Treasury account, the Treasury Officer may, if necessary, before giving his certificate, request the District Judge or the District Magistrate, as the case may be, to explain the discrepancy.

I. Compensation fines due to an injured party which are creditable to deposits, and fines which, under competent authority, are credited to a Municipal or other Local Fund, will be excluded from this return.

(ii) Fines to be credited to Municipalities or other Local Funds will be entered in separate registers for each Municipality or Fund, and when the Municipality or Fund banks with a local treasury, the amounts will be remitted by the Court direct to the Treasury for being credited to the account of such fund.

(iii) Courts realising arrears of Municipal Taxes under the Municipal Acts or fines which under any law in force are credited to Municipal or other Local Funds, will furnish at the end of the month in which the realisations are effected, a statement in the prescribed form (No. 194 Criminal) to the Municipality or other body concerned.

A register in the prescribed form will be maintained in the offices of the District Magistrates and the District Judge, for consolidating the figures of the several Courts in each month. As the District Judge will receive statements from Courts situated in different Districts, the figures of the Courts of each District will be entered on separate pages in the register.

(1) All fines realised by the police on warrants should be paid, as far as possible, into the Court concerned for payment into the District Treasury; but, when the fine is realised in a taluk, it must be paid into the nearest Taluk Treasury and a receipt obtained, which the police officer will send with the warrant to the Court. The Court will then enter the fine in the proper register as realised and as paid into the Taluk Treasury, sending the Taluk Treasury receipt to the District Treasury.

(2) All fines levied and confiscations ordered under the State Excise Regulations by judicial officers should be shown in a separate column in the statement of fees and fines.

(3) When any amount is realised in any district on account of a fine imposed in another district of the State, the amount should not be remitted to the Court which inflicted the fine, but should be treated for the purpose of the fines statement, as if a fine equal to the amount realised had been inflicted by the Court in which it is realised. The Court which realises the amount should send an advice of the recovery to the court which inflicted the fine, and should also make a note of the court to which the amount realised relates, against the credit in its fines register, and monthly statement. The Court which inflicted the fine should, on receiving the intimation, note in its fines register, and the monthly statement, the amount of the recovery so advised, and the name of the treasury into which the amount was paid.

All fees and fines, Civil or Criminal, stamp penalties, deficient stamp duty, and any other items belonging to Government realised by Courts, will be entered in remittance books, one to be headed "Administration of Justice" and the other "Stamps," with particulars of the date of remittance, nature of item and amount. The books will be signed by the Nazir and the Judge in the proper columns, and sent with the money to the treasury on the day of realisation to be credited under the proper head. The Treasurer and the Treasury Officer will sign in the proper columns and return the books. At the end of the month the entries will be totalled by the Nazir and forwarded to the treasury, where the totals will be checked with the Treasury account and signed by the Treasurer and Treasury Officer, if correct.

NOTE.—The annual Cash Balance statements of Civil Courts and the Half-yearly Fines Statements of Criminal Courts will be got certified by the Treasuries before submission to the High Court. To enable the treasuries to furnish these certificates, the Courts will furnish them with particulars of remittances and a copy of the remittance register relating to the period.

6257

Dated 26th November 1952.

No. FI. (B) 9834-923—C.R. 1-52-19. In exercise of the powers conferred by the proviso to Article 309 read with Article 313 of the Constitution of India, His Highness the Rajpramukh of Mysore is pleased to make the following further amendments to the Mysore Service Regulations:—

In the said Regulations, after Article 74, the following Heading and Article shall be inserted, namely:—

"NEXT BELOW RULE."

"75. When a person in a post (whether within the cadre of his service or not) is for any reason prevented from officiating in his turn in a post on a higher scale or grade borne on the cadre of the service to which he belongs, he may be authorised by special order of the appropriate authority PRO FORMA officiating promotion into such scale or grade and thereupon be granted the pay of that scale or grade if that be more advantageous to him, on each occasion on which the person immediately junior to him in the cadre of his service (or if that person has been passed over for reasons of inefficiency or unsuitability or because he is on leave or serving outside the ordinary line or foregoes officiating promotion of his own volition to that scale or grade; then the person next junior to him not so passed over) draws officiating salary in that scale or grade".

Provided that all persons senior to the person to whom the benefit under the substantive part of this rule is to be allowed are also drawing, unless they have been passed over for one or other of the reasons aforesaid, officiating salary in the said or some higher scale or grade within the cadre.

Provided further that NOT MORE THAN ONE PERSON (either the seniormost fit person in a series of adjacent persons outside the ordinary line, or, if such a person either foregoes the benefit of his own volition or does not require the benefit in virtue of his holding a post outside the ordinary line, which secures him at least equivalent benefits in respect of salary and pension then the next below in the series) may be authorised to draw the salary of the higher scale or grade in respect of any one officiating vacancy within the cadre filled by his junior under this Article.

Note 1.—A purely fortuitous officiating promotion given to a person who is junior to one outside the regular line, does not in itself give rise to a claim under the "Next Below" Rule.

Note 2.—Promotions made by Government prior to the date of coming into force of this Article which are not in accordance with this Article will be regularised gradually to the extent possible and all future promotions should be strictly in conformity with the "Next Below" Rule laid down in this Article.

the Rajpramukh,

M. SHAMANNA,

Secretary to Government,
Finance Department.

In the said Regulations,—

1. In Article 26, Rule 6 shall be omitted.
2. In Article 36, after clause No. (11), the following clause shall be added, namely :—

“(12) Lecturers in Sanskrit appointed in the University of Mysore to 40 years.”

3. In Article 101, for Note 2, the following note shall be substituted, namely :—

“Note 2.—On days when an Educational Institution is held in the mornings only and so long as Government Offices continue to work in the mornings between 8 A.M. and 12 NOON on all Saturdays, the officer who is expected to join duty on the forenoon of that day should do so as soon as the Institution or office commences work. The officer who is relieved on such days after the day's work is over should be treated as having been relieved on the afternoon, even though he is relieved before NOON.”

4. (1) For clause (b) of Article 117, the following clause shall be substituted, namely :—

“(b) (1) When an officer who has been dismissed, removed, or suspended is reinstated, the authority competent to order the reinstatement shall consider and make a specific order—

- (i) regarding the pay and allowances to be paid to the officer for the period of his absence from duty; and
- (ii) whether or not the said period shall be treated as a period on duty.

- (2) Where such competent authority holds that the officer has been fully exonerated or, in the case of suspension, that it was wholly unjustified, the officer shall be given the full pay to which he would have been entitled had he not been dismissed, removed or suspended, as the case may be, together with any allowances of which he was in receipt prior to his dismissal, removal or suspension.

- (3) In cases other than those falling under sub-clause (2), the officer shall be given such proportion of such pay and allowances as such competent authority may specify :

(2) In clause (c) for the words "or clause (b)" substitute the words "or clause (b) (3)."

5. For Article 118, the following Article shall be substituted, namely:—

"118 (a) An officer against whom proceedings have been taken either for his arrest for debt or on a criminal charge or who is detained under any law providing for preventive detention, should be considered as under suspension for any periods during which he is detained in custody or is undergoing imprisonment and not allowed to draw any pay and allowances (other than any subsistence allowance that may be granted in accordance with the principles laid down in Article 117) for such periods until the termination of the proceedings taken against him or until he is released from detention and allowed to rejoin duty, as the case may be. An adjustment of his allowances for such periods should thereafter be made according to the circumstances of the case, the full amount being given only in the event of the officer being acquitted of the blame or (if the proceedings taken against him were for his arrest for debt) of its being proved that the officer's liability arose from circumstances beyond his control. In cases where the arrest is for detention under a law providing for preventive detention, the full amount of allowances for the period of detention shall be given only when such detention is held by any competent authority to be unjustified, but not otherwise.

(b) An officer against whom a criminal charge or a proceeding for arrest for debt is pending, should also be placed under suspension by the issue of specific orders to this effect during periods when he is not actually detained in custody or imprisoned (*i.e.*, whilst released on bail), if the charge made or proceeding taken against him is connected with his position as a Government servant or is likely to embarrass him in the discharge of his duties as such or involves moral turpitude. salary or leave on half average salary) whether it is taken before or after the date of retirement or after the date of final cessation of duties, may be varied within the normal leave rules to the advantage of the officer concerned in accordance with the leave earned and standing to his credit on the date on which he proceeds on leave prior to the date of retirement whenever he takes a portion of his refused leave before that date and ultimately on the date of his retirement, and no second application for leave in sufficient time and its refusal are necessary merely to ensure this variation. Similarly, the character of any period of leave, whether privilege leave, furlough on average salary, or on half average salary admissible under clause (a), may, if the officer so desires, be converted within the quantum admissible into a portion on privilege leave and furlough on average salary and the balance on half average salary. No such conversion, however, is admissible in respect of the privilege leave earned under clause (b) of this Article."

M. SHAMANNA,

FINANCIAL SECRETARIAT.

Dated 2nd December 1952.

From

The Secretary to the Government of Mysore,
Finance Department.

To

The Chief Controlling Officers.
The Subordinate Controlling Officers.
The Drawing Officers including Gazetted Officers
drawing their own pay and Travelling Allowance
Bills.

Sir,

Subject:—Reconciliation of Departmental figures of
Expenditure with those of the Audit
Office.

No. Fl. (B). 10459-10548—Bud. 8-52-7. I am directed to
invite reference to Government Order No. Fl. (B). 2508-87
—Bud. 8-52-2, dated 17th June 1952 on the above subject
and to state as follows:—

(a) *Gazetted Officers drawing their own pay and Travelling Allowance Bills.*—These officers also have to
furnish an account of their drawings to the disbursing officers
to whom they are attached so that the latter may be able
to consolidate the figures for the whole office and prepare
the statement of expenditure in Form 'A'. The Certificate
prescribed in the Government Order has therefore to be
furnished by all Gazetted Officers excluding only officers of
and above the rank of Chief Controlling Officers and Heads
of Departments. The statements of their drawings, which
may be in manuscript, should be forwarded by them to the
disbursing officers concerned punctually before the 5th of
the following month.

(b) *Disbursing Officers.*—These officers should see that
the accounts due from the several Gazetted Officers
working directly under them are received punctually. They
should consolidate those figures as well as those relating to
their own drawings before the 10th of the following month.
This date should be strictly adhered to so far as this
portion of the work is concerned, whether one is merely
a disbursing officer or a Subordinate Controlling or Chief
Controlling Officer with disbursing officer's functions. The
verification with treasury figures wherever practicable
should be completed before the 15th of the month follow-
ing. It is to be noted that the Treasury Officers will only
make the Subsidiary registers available for verification by
the departmental clerks deputed to the treasury for the
purpose. The certificates that the figures in the statements
agree with those of the treasury should therefore be signed
by the disbursing officers themselves. The statements in
Form 'A' with the Certificate of verification (where
practicable) should reach the Subordinate Controlling
Officers punctually by the 20th of the following month.

(c) *Subordinate Controlling Officers.*—Their statement of
expenditure in Form 'A' as disbursers should be ready by
the 10th itself. As soon as they receive the statements in
Form 'A' of the subordinate disbursing officers, they should
get the figures consolidated and despatch the statement in
Form 'B' (after treasury verification where possible) to
the Chief Controlling Officer so as to reach him not later
than the 25th of the following month.

(d) *Chief Controlling Officers.*—Their statement in
Form 'A' would also be ready by the 10th of the following
month. As soon as the statements in Form 'B' are
received from the Subordinate Controlling Officers, the
figures thereof should be consolidated with those of their
own statement in Form 'A' and the statement of expendi-
ture for the whole State in Form 'B' prepared by the 5th
of the second following month.

(e) The reconciliation of the above figures with those in
the Accountant-General's books should be taken up
immediately thereafter and completed by the 20th of the
month. The fact should be reported to Government also
until further instructions.

(f) The certificate is prescribed just to ensure that this
important work is attended to systematically by all officers
concerned without the need to issue reminders. The
watching of actuals against budget grants or appropriations
being the primary responsibility of every Government
Officer entrusted with the expenditure or control of
Government Funds, any application for extra staff on the

ground that the new procedure involves additional work
will be against the spirit of the Government Order. The
extra work necessitated by these arrangements will be
negligible in most cases and in the case of large depart-
ments like Police, Agriculture, Education, the centres of
consolidation should be so arranged as to ensure that the
extra work is distributed evenly without the need for
additional staff in any case.

(g) The amount of bills actually cashed in a month
should be taken for the purpose of the statement in
Form 'A'. In the case of bills payable at Bangalore, the
date of pre-audit cheque will be the date of disbursement
irrespective of the date of encashment of the cheque. The
amounts to be taken are the gross amounts of bills even
though the net amount may be drawn after deduction
towards funds, etc.

(h) Some of the Departments are sending statements of
expenditure to the Finance Department and as it is the
responsibility of the Departments to reconcile the figures,
such statements need not be sent to Finance Department.

Any doubts or difficulties may be referred to the Finance
Department for elucidation. The Special Officer (Treasuries)
may also be contacted by the departmental clerks at
Bangalore personally during office hours for clarification of
points, if any.

Yours faithfully,

M. SHAMANNA,

Secretary to Government,
Finance Department.
